

IN THE SPECIFICATION

Page 2, please amend the Paragraph beginning at line 25 as follows:

It is an object of the present invention to provide a fragrance dispenser and a fragrance dispensing cartridge of the kinds mentioned in the opening paragraphs, for example, .a fragrance dispenser comprising a housing portion through which an air discharge passage interconnecting an upstream side of said housing portion and a downstream side of said housing portion extends, and a cartridge carrying a fragrant substance and having vents for allowing air to pass for entraining fragrance from said cartridge, wherein the cartridge is removably mounted and rotatably adjustable about an axis of rotation between at least a first position and a second position, at least a portion of at least one of said vents being obstructed by said housing portion if said cartridge is in said first position and being open if said cartridge is in said second position, or a domestic appliance, such as a vacuum cleaner, including such a fragrance dispenser according to the invention, or a fragrance dispensing cartridge carrying a fragrant substance and having vents for allowing air to pass for entraining fragrance from said cartridge and including retaining means for removably engaging a housing portion for mounting the cartridge in a position such that it is rotatably adjustable about an axis of rotation between at least a first position and a second position, in each case comprising a cartridge that is adjustable for varying the emission of fragrance, but wherein the cartridge is easier to mount.

Page 3, please amend line 15 as follows:

Particular embodiments of the invention are set forth in the ~~dependent claims~~ following description.

Page 6, please amend the Paragraph beginning at line 33 as follows:

It will be clear to the skilled person, that many other embodiments are conceivable within the framework of the present invention. For instance, for retaining the cartridge 2 in position, instead of pins and recesses, flexible flanges or arms 30 can be provided as ~~indicated by dash and dot lines in Fig. 1~~. Instead of in a vacuum cleaner, the fragrance dispenser can also be incorporated in other domestic appliances that displace air, for example air cleaners.
